Hanna Gammon
General Manager

Having already built a successful, multi-award winning sustainable landscaping company, Jock's vision is now to realise his dream in bringing life to our urban environments. His undying passion and devotion to enhance the way we live our lives is the driving force behind the exciting Green Roof and Green Wall venture of Junglefy. With his highly trained and experienced team Jock is steering Junglefy to pioneer the green roof and wall industry both locally and globally.

Alistair brings a vast range of practical experience and technical knowledge from the construction industry to the Junglefy group. Alistair's relationship and project management skills combined with his total commitment to environmentally sustainable development principles gives Junglefy clients the confidence to invest in the exciting technologies of green roof and walls. Peter has a diverse range of experience in landscape design and product development. He is the receiver of the Federal Government's 2007 Award for Outstanding Achievement in an eco infrastructure project. His extensive experience in industrial design and product development puts Junglefy at the cutting edge of the exciting and emerging field of green wall and green roofs.

Nigel has spent 30 years as a stockbroker with a special interest in identifying and investing in emerging technologies. Always interested in the environment, he has a strong belief in replacing the footprint of the urban build with environmental solutions. Junglefy provides Nigel with the opportunity to exploit his passion to make the world a better and more productive place to live in. Hanna has an extensive background in corporate management which she is skillfully applying in her role with Junglefy. Her devotion to professionalism and her understanding of the critical business success factors allows her to continuously improve Junglefy's already outstanding performance.
