

Who we are

Junglefy, a fresh, young company dedicated to sustainable technologies in urban space, is about bringing life to our cities by delivering complete green wall and green roof solutions, from consultation and design to specification, construction and maintenance.

The combination of our continuous search for world-class technologies and our pioneering in-house R&D ensures the delivery of best-of-breed solution for green roofs and green walls. Coupled with our local knowledge and resources our processes are seamless throughout the entire project giving our clientele the confidence of a desired outcome.

Junglefy is a contributing member of Green Roofs Australia as well as the Green Building Council Australia (GBCA).
